Have you noticed the structure of a bicycle wheel? Try making a mould of it.

Adam Hudec: On Foot with Holuby

Veľká Javorina

The cycle bridge between Beluša and Lednické Rovne

Woven: Arbor Orbita

Imagine what the forest will look like in a few decades' time. What would you like to see remain there?

IN THE FOOTSTEPS OF LANDMARKS

My little notebook of great discoveries

Head out into the countryside and discover all the wonders hidden in the natural world around you. Wherever you go, you can observe, draw, collect

Beckov

Yoko Mura: The Cherry Pit Spit Out by the Sky

Can you find a pattern in your surroundings that reminds you of the universe? Or something from which new life might grow?

Beckovské
Skalice

Have a go at being a little explorer. Can you find a leaf or a stone with an interesting texture?

Jaroslav Kyša: buried in sediments

Take a look at the natural world around you. Which shapes, lines or structures caught your eye the most?
